AGENDA

- Platform Presentation: Background and Features
- Hands-on Activity: Document and Platform Demonstration
- Hands-on Activity: Participant Interaction
- Feedback and Q&A Session

ABOUT THE PROJECT

The 'CODES' project aims to support the fashion and design sector in facing the transformations of a changing world, which are strongly influencing the fields of artistic creation and the related value chain. The overall objective of the project is to promote innovative business models that address market transformations, based on new forms of collaborative artistic creation, thanks to the enabling potential of digital technologies.

WHY ATTEND

- Discover why our platform was created and how it meets the needs of the CODES project.
- Deep dive into key platform features through a practical demo.
- Receive direct support in using the platform through a dedicated training document.
- Be part of the development process by providing essential feedback during the feedback session.
